

This Works!

A Technology Education Project

DIPLOMA

you have participated in This Works!,
a multidisciplinary learning programme for first graders.

During this technology education project, you have practiced and learnt:

cooperative skills *creativity* *emotional skills*
problem-solving *perseverance* *technology skills*
mathematics, environmental studies, handicrafts and language skills
the courage to come up with new ideas and invent things

The Kip crew is delighted that you took part
and wishes you all the best for more fun learning experiences in the future!
