

# THIS WORKS!

A Technology Education Project

## List of materials for the moving machines:

### You'll probably find these at your school:

- fabric
- paperclips
- copy paper
- plasticine or modelling clay
- string, thread or fishing line
- nails
- timber
- metal wire
- screws
- empty sewing thread bobbins
- food colouring
- glue or paste
- paint or varnish
- tape
- markers
- water

### You'll probably find these at home:

- rubber bands or hairbands
- milk cartons or similar, and their caps
- balloons (all sizes, including water balloons)
- aluminium foil
- yogurt pots
- fabric
- disposable cutlery
- egg boxes
- cardboard boxes
- cardboard tubes (for example, from toilet rolls and kitchen towel)
- clothes pegs
- newspapers
- empty packs of coffee
- empty soap bottles (pump bottles)
- cocktail sticks, barbeque skewers or toothpicks
- aluminium cans (all sizes)
