

This Works!

A Technology Education Project

If I really want something, I can do it!

tuka

TUKA

Tuka is as brave and strong as a superhero. She is energetic, extroverted and spontaneous – sometimes even impulsive. Tuka loves action and adventure.

Sometimes Tuka seems to be a little bit black-and-white and finds it difficult to take criticism.

Her superpowers are strength, speed and fast reflexes.

If you can imagine it, I can make it!

MACO

Maco is a creative technological mastermind who enjoys inventing new things. He designs and builds all kinds of contraptions and machines to solve problems.

Maco is witty, productive, disciplined, honest and genuine. He's often concerned about the unresolved problems that he encounters.

His superpowers are creativity and strategic thinking.

MACO

Everything will be fine as long as we're all friendly!

wāāba

WAABA

Waaba is a caring, nurturing and fairy-like creature. She is highly intuitive and sensitive, and radiates joy.

Waaba is very positive, but can also be forgetful and a daydreamer.

Her main superpowers are flying, the ability to become invisible, telepathy and telekinesis.

Together everything is better!

SOCA

Soca is everyone's friend. He can also talk to flowers and animals. He is extremely shy and often appears clumsy.

With the support of his friends, Soca can transform himself into a courageous team player.

Soca's special strengths are his ability to create mini hurricanes and to disappear underground. His senses are extremely sharp and he can transform, just like a chameleon.
